DAY'S CABINET MEETING.

Secretary Alger Explains Arrangements
As To Traveling Allowances—
President Schurman Telegraphs
That There Is No Friction With
Gen. Otis—Dewey Recuparates.

Washington, June 2.—[Special]—At
a cabinet meeting today it was decided
that there was no present necessity for
the enlistment of volunteers.

Washington, June 2.—Secretary Alger
has caused the quartermaster general
to make a careful computation of the
mileage the Philippine volunteers from
each state would be entitled to should
they be mustered out at San Francisco,
and has also attached to the statement
a schedule of the railroad rates that
each man would be required to pay out
of his pocket in the event that he elected
to take the travel allowance. This information
was embodied in the shape of a message
which was cabled to Gen. Otis as follows:

"Otis, Manila: Volunteers mustered
out at San Francisco will receive travel
pay approximately as follows: Men of
companies—Colorado, \$59; Idaho, \$51
to \$81; Iowa, \$82 to \$130; Kansas, \$83
to \$131; Montana, \$53 to \$84; Nebraska, \$74
to \$117; Nevada, \$55 to \$87; North Dakota, \$36
to \$136; Oregon, \$32 to \$51; Pennsylvania,
\$127 to \$201; South Dakota, \$82 to \$130;
Tennessee, \$107 to \$169; Utah, \$86
to \$57; Washington, \$39 to \$62; Oregon,
\$55 to \$87; Minnesota, \$39 to \$142.

"Of course, the higher sums are
granted among noncommissioned officers.
Railroad fares are: San Francisco to
St. Louis and Fargo, \$43; Chicago, \$44;
Washington and Philadelphia, \$59; New
York, \$60; Salt Lake, \$24; Lincoln and
Topeka, \$37; Des Moines, \$40; Sioux Falls,
\$41; Cheyenne and Denver, \$35—not including
subsistence. Officers, of course, get larger
sums. Submit these facts to each regiment
and let them determine by vote whether
they will be mustered out at San Francisco
and take travel pay or in their own states,
transported by the government. Cable vote
of each regiment.

ALGER,
"Secretary of War."

a great victory in the legislature on
Thursday, when the so-called trades
union insurance bill was passed over
the governor's veto in the house by
144 to 55 and in the senate by 25 to 9.
The provisions of the bill exempt all
regularly organized trades unions in
the state from the operations of the
state insurance laws, life, accident and
fire, and permit the organization of
benefit societies and other forms of
insurance in accordance with the ideas
of the trades unionists, without any
interference of any kind by the state
insurance department.

GERMANY ADMITS MISTAKE.

Cologne Gazette Regrets Change in
America's Friendship.

Berlin, June 3.—Significant admis-
sions of the mistake of many German
newspapers and of a certain section
of German opinion, as distinguished
from the official attitude of the Ger-
man government, with reference to the
Spanish-American war, are contained
in the Cologne Gazette's leading article
Thursday.

The Gazette admits that Germany
did not sympathize with America in
the Spanish war, but devoutly hopes
that "when the Samoan troubles are
settled and the Philippines have been
conquered the Americans will appre-
ciate Germany's standpoint better
than they have in their excited mili-
tary ardor," for which Germany is
said to have made allowance, as is
shown by her course in the recent Sam-
moan troubles, when "the nation the
least concerned (America) appeared
with the most powerful warships and
acted in the most superior manner."

Beloit Beats the Wolverines.

Ann Arbor, Mich., June 2.—Beloit
outplayed Michigan Thursday after-

puts a damper on Michigan's western
championship prospects. The game was
lost by several bad errors which came
in a bunch in the sixth and seventh
innings.

Man Received While Scorching

erts, of this city, who is attending an
art school in Chicago, became suddenly
insane at the school and was taken to
the Harrison street police station. His
case came up this morning and was sent
to the detention hospital. Wickerts' con-
dition is due to overwork. At the art
school his classmates say that he
worked day and night, and that recent-
ly he has given evidence of breaking
down. "I'm all right," he said this
morning. "I worked too hard, that is
all. I was at it for twenty-four straight
hours. A little rest is all that is neces-
sary and then I'll be in good shape
again." One of the county physicians
called during the morning and examined
him, concluding that he had better be
sent to the Detention hospital.

Many Logs Are Burned.

Marshfield, Wis., June 2.—A fire last
night at Chili, a small village ten miles
west of here, destroyed about 20,000,000
feet of hardwood logs. A spark from
the sawmill started the blaze. The peo-
ple of the village fought the flames all
night, but a strong wind made their
efforts futile. P. W. Galloway, the
lumber contractor, is the principal loser.
The loss will probably be \$10,000 with-
out insurance. The burned logs would
have kept the mill in operation until
Aug. 1. Now a few weeks will exhaust
the supply.

Spring Green, Wis., June 2.—Mary
Ann Jewell, aged 62, living alone in the

A Jointed Snake.

Mr. George D. Pemberton of Spot-
sylvania, Va., reports the following:
"While walking around my farm I
came across a copper-colored snake
about 2½ feet long. I struck the rep-
tile a blow on the head with a stick,
and to my surprise the snake fell apart
in four pieces. Near by was a hole,
and into this the head went, and, al-
though I worked for half an hour try-
ing to get it, I failed. I then examined
the body, which was as hard as if it
had been frozen, and as far as I could
discover, it was entirely lifeless. Think-
ing it was a jointed snake, I left the
pieces of the body on the ground and
went to the house. Shortly afterward
I returned, but the portion of the body
that I had left disappeared, and no
trace of it could be found."

Editorship in Serbia.

The life of an editor in Serbia is not
a delightful one. Within the last two
years a weekly paper has had sixteen
editors. Fifteen of them are in jail
for too keenly commenting upon gov-
ernment affairs, and the sixteenth has
just been hustled off to join them for
the same offense.

High Salaried Clergymen.

to \$20,000. The late Dr. Hall, of the
Fifth Avenue Presbyterian church, had
\$20,000 and a manse. Henry Ward
Beecher was paid \$20,000 a year, which
barely sufficed to maintain his Peek-
skill farm. Bishop Potter has \$15,000
with a rectory, with its upkeep thrown
in.

OR ON FIRST BALLOT.

Scored—Actions of Hanna and For-
aker Are Indorsed—Caldwell
Gets Second Place.

Columbus, O., June 2.—[Special]—
The republican state convention for the
nomination of governor and other state

get second place.

ministration, re-affirms the St. Louis

and indorses the actions of Hanna and
Foraker in the senate.

nominated for governor on the first bal-
lot.

Foraker's Political Downfall.

The result of the convention means
the downfall of Foraker as a political
leader and more strongly intrenches
Hanna as a supreme boss with Cox, the
Cincinnati leader, as his first lieutenant.
Hanna and Cox fixed up the whole
thing last night and the entire state
named by them went through.

Caldwell Gets Second Place.

Columbus, O., June 2.—[Special]—

governor; Guilbert for state auditor and

MOST DARING EXPLOIT

Two Men Ride Over Rapids in a Rude
Canoe—Both Were Injured
Somewhat.

Menominee, Mich., June 2.—[Special]—
One of the most daring exploits ever
witnessed on the Menominee river, oc-
curred yesterday when Charles Char-
voix and Charles Burns, boatmen em-
ployed by the Kirby-Carpenter Com-
pany on their log drive on the Paint
river rowed over Little Bull Rapids in a
rude canoe.

The young men were employed re-
pairing dams and it was necessary to go
over the rapids. The men rode the
rapids safely, but their boat was carried
by the swift current into the cascades
and capsized.

How the men escaped drowning is a
mystery. Charvoix fell onto the rocks
and his skull was fractured. Burns had
his leg badly buried. The men were
brought to this city today.

which defeated Michigan by a score of

The game was well attended and was
largely a pitcher's battle, and the vis-
itors put up the better game in the field,
and consequently won out. Eaton, a
new man, was tried at shortstop by Be-
loit, and put up a first class game, mak-
ing several clever stops and assists.

county before Judge Sale next Tuesday,

New York, June 2.—[Special]—The
street in front of the Clark home this

kidnapped child, who was found in the
mountains of New Jersey, yesterday.

Marion was brought to a window by
the grandmother, and the crowd cheered
wildly.

Many flowers were left at the Clark
home today.

It is not positively known who will
get the reward, but it looks as if Mrs.
Carey, the postmistress, should get a
good share.

Chief Detective McCluskey will de-
cide the matter as soon as the kidnappers
are arrested. The police are hot
on their track.

BOLD TRAIN ROBBERY

Union Pacific Train Held Up, Dyna-
mited and Robbed—Sheriff and
Posse in Pursuit.

Laramie, Wyo., June 2.—[Special]—
The Union Pacific west bound mail
train was held up, dynamited and robbed
at 1 o'clock this morning near Wilcox,
a lonely station near here. The hold-up
was accomplished by waving a danger
signal shortly east of the Wilcox bridge.

Engineer Jones resisted when one of
the robbers climbed on the engine, and
struck him on the head injuring him
severely.

At the point of a revolver, Jones was
compelled to cut the engine loose from
the train. The robbers then drove the
messenger from the express car and
wrecked the car with dynamite. The
mail car was also damaged by the ex-
plosion.

The bandits then blew up the bridge,
cutting off communication between the
train and engine.

Jones ran the engine to Medicine Row
and gave the alarm, not knowing how
much the robbers had secured.

The sheriff and posse are in pursuit of
the robbers, but there is little hope of
catching them.

Truman Northway read the address of Abraham Lincoln at the dedication ceremonies on the Gettysburg battle field, also the roll call of dead soldiers buried in the cemetery here. The Memorial address was given by Rev. W. P. Leek and was a masterly oration. The procession from the church to the cemetery was headed by the Clinton brass band with Dr. C. W. Collins as marshal of the day. Then followed the Alexis Tallman Post, and camp of Modern Woodmen, carriages for flower girls and speakers. The line of citizens carriages was nearly a mile long. Rev. William Moore gave the address at the cemetery over the grave of the unknown soldiers who fell in the conflict, his address being preceded by the decoration ceremonies at the graves of 24 fallen heroes, who lie buried here. The exercises closed with a chorus song prettily sung by the flower girls who had been drilled under the leadership of Mrs. Mayo and Mrs. Smith. Hon. S. S. Jones and wife were the guests of County Clerk F. P. Starr and family. The result of the ball game played here Tuesday between Clinton and Sharon was a victory for Sharon, the victory standing 15 to 29. Miss Bessie Wilcox visited here this week. Mrs. S. S. WERE THREE SHARON GRADUATES
Exercises in Morris Opera House Last
Monday Evening

Sharon, June 2.—The Seventeenth Annual Commencement exercises of the Sharon High school took place in Morris' Opera House, Monday evening, May 29, and as usual, a crowded house testified to the deep interest felt by our people in the Sharon school and its graduates. The graduates are Misses Hilda Ashburn, Hettie Webber and Zoe Wolcott. The class motto is "One Volume Closed," and the class colors are blue and green and white. The stage decoration was very pretty and tasteful, with bunting draped above and around, and in the center of the class motto. The members of the school board, High school teachers and the clergymen of this village, with Rev. Manaton, of Delavan, occupied chairs upon the platform. The Memorial Sunday union service was held last Sunday morning in the Congregational church, was well attended, although the rain and threatening weather doubtless prevented many from being present. At 10 o'clock the G. A. R. and W. R. C. met at G. A. R. hall and marched to the church in a body, under command of Capt. Schellenger, commander of the post. The two bodies occupied front seats, which had been reserved for them. Wm. B. Collins of Sheboygan, Wis., who is now attending Madison University, visited our high school board last Tuesday, and was engaged as 1st assistant. Mr. Collins has a life state certificate, and comes with very strong endorsements from the state high school inspectors, and will no doubt prove to be a good teacher. Capt. Schellenger's mother, who has been living with Mr. Allaman and wife, at Capron, for some time, came to Sharon last week, and will make her home with the captain and family. The W. F. M. S. of the M. E. church, will hold their monthly meeting at the church Wednesday, June 7 at 2:30 p. m. One of the principal features of the meeting will be the report of the delegate to the District Convention, held at Lake Geneva, May 12-14. At 6 p. m. the quarterly 10c supper will be served. J. W. Richardson, accompanied by his daughter, Mrs. Helt, and her daughter, came over from Richland Center last Saturday for a visit with John Dunham and family. Mrs. Ellen B. Schellenger and wife moved to Beloit last week, where Jesse has a position with the Eclipse Wind Mill company. Mrs. Edgar Stocking and grandson, Ralph, have been visiting the family of her brother, E. O. Burdick at Milton Junction.

Personal Nature

Milton Junction, June 2.—A large delegation of our citizens attended the Modern Woodmen picnic at Beloit on Thursday. Orra Garrison, an old time resident, has been looking for familiar faces here the past week. He notes many changes after an absence of a quarter of a century. Dr. L. L. Bond, of West Side, Iowa, was the guest of his father, Rev. B. C. Bond, a day or two the past week. Rev. G. J. Crandall will preach his inaugural sermon at the Seventh Day Baptist church next Saturday. Mrs. R. A. Crandall is visiting her daughter, Mrs. Dr. George E. Coon, at Rockdale. The High school closed for a three months' vacation, Thursday. Mrs. B. L. Buckingham, of Fort Atkinson, was here Tuesday to attend the funeral of her grandmother, Mrs. Partridge. A small cyclone Wednesday morning—enough to say that we were "in it." Miss H. E. Crandall has returned home from Chicago where she has been pursuing studies in music. The Milton Junction News has been enlarged to a seven column quarto, new type added and the paper otherwise improved. Rev. Father Schneider was in town Thursday. The sacristy at the Catholic church, under his direction, is approaching completion. Miss Helen Winston of Evansville, is visiting her daughter, Mrs. Geo. H. Butts. Morgan is visiting friends in Milwaukee.

A SURPRISE ON WM. McVICAR
Employees Gather at His Home in Honor
of His Birthday

Yesterday marked the thirty-first mile stone in the earthly pilgrimage of William McVicar, of the plumbing firm of McVicar Bros. The fact was not forgotten by his employees, and last evening he was pleasantly surprised at his home, 212 South Academy street. The affair was a complete success, and enjoyed by all present. The evening was passed in a social manner, and refreshments were served in abundance. Mr. McVicar was presented with a handsome chair. This was an additional surprise, but Mr. McVicar proved equal to the occasion, and returned his thanks in a few well chosen remarks.

MEMORIAL DAY WAS OBSERVED AT MILTON

CHILDREN OF PUBLIC SCHOOLS

College Band Participated in Exercises
—Two Teachers to Retire From
the Force at Close of Present Term
—Interesting Briefs of a Personal
Nature.

THE GAZETTE AGENCY
W. W. CLARK, Manager,
Milton, Wis., June 2, 1899.

Memorial day was observed here by decorating the graves in the cemetery as usual, the children of the public school doing the work under the direction of the G. A. R. Post and W. R. C. There were no exercises other than those peculiar to the Grand Army. The College band participated in the ceremony, and after the return from the cemetery, gave an open air concert in the park. The boys are improving in their renditions, and are deserving of not only commendation, but what is more important pecuniary assistance from our citizens.

Principal A. E. Whitford and Miss Jessie M. Davis retire from the instructional force of the public school at the closing of the present term. Both have been very efficient in their work, and the board will have some difficulty in securing competent successors for the vacancies.

William Blaisdell, of Sherburn, Minn., is here visiting relatives.

A goodly number of Milton people enjoyed the Woodmen picnic at Beloit Thursday.

Arthur Little, of Sioux City, Iowa, has been entertained by Mr. and Mrs. H. H. Waterman this week.

Dr. Stillman is a happy man these days. He is a grandfather and the possessor of a new Eldredge bike all in one week.

Mrs. C. D. Kipp, of Elkhorn, has been the guest of Milton relatives this week.

Miss M. A. Plaville spent Tuesday and Wednesday with Janesville friends.

Dr. E. B. Swift spent a few days in town this week while enroute to the north where he had some lecture engagements. He will return later in the season and may decide to spend several weeks here.

Joe Palmer, assistant steward in the Mendota asylum was at home this week.

Born. On Memorial Day to Dr. and Mrs. J. H. Burdick, a son.

Mrs. Goodell Foster, son and daughter of Independence, Kansas, arrived in the village Monday and will spend the summer here. Mrs. Foster was born in Milton and has many friends and acquaintances who are glad to meet her.

Mrs. David Brown of Janesville, visited her parents Wednesday.

Miss Laura Stillman came back from Chicago Thursday.

Denton Parks, who has been painting at Beloit, is now in the employ of Phil Brown, who employs several hands.

F. G. Borden returned from St. Paul Thursday.

Mrs. Briggs, of Cortland, Ill., is visiting Mrs. B. H. Stillman.

Oscar Richardson, who served in Cuba, visited his uncle, R. Richardson, Tuesday.

R. Richardson returned Thursday from Crab Orchard, Ill., where he went to look at some property. He is much pleased with southern Illinois as a farming region.

Willowdale.

Willowdale, June 2.—A large delegation from Willowdale attended the Woodmen picnic in Beloit. Mamie Mooney was the guest of Porter relatives last week. Harley Fitch was seen on our streets Thursday. Peter Mooney is having his well drilled. Miss Mamie George, of Janesville, spent a portion of last week with Willowdale relatives. All are expected to attend the free grapeophone entertainment at the schoolhouse, Monday night. James Lay and daughter, Hattie, of Porter, called on relatives here last Tuesday. Mrs. Lennon has returned to her home in Janesville, after spending a week with her daughter, Mrs. J. Crain. Mrs. S. Richards has been on the sick list. The storm last Sunday evening did considerable damage in this vicinity. Corn planting has been somewhat delayed by the copious rains.

If you want your clothes clean and bleached white, use Maple City Self Washing soap.

CYCLERS HAVE BEEN WARNED
No Complaints Should Be Made If Arrests Follow.

During the past few days and nights the police have notified many persons, riders of bicycles, that the ordinance requiring bells on wheels at all times and lamps on them at night, must hereafter be observed to the letter. Most all of the riders have been warned and no one should now complain if arrested for a violation of the ordinance.

There are a few riders who do not carry lamps now at night; they all know it is a wise thing to do; it protects them from running into obstructions and at all times is a warning to other riders, thus preventing many collisions.

FEW SEE UNCLE TOM'S CABIN

The Popular William Owen at Myers
Grand This Evening

For once the mammoth street parade, the Siberian man-eating bloodhounds, ponies, donkeys and bands failed to draw a crowded house at Myers Grand to witness the presentation of "Uncle Tom's Cabin" by Al. W. Martin's big company of sixty white and colored artists, which was on the boards last evening, in fact the audience was very small. The scenery and spectacular effects were very good indeed. Milt C. Barlow, the man of minstrel fame, played the part of Uncle Tom in a very acceptable manner. Little Helene, as Eva, shared honors with him.

"The Three Guardsmen" Tonight.

"The Three Guardsmen" as presented by Mr. William Owen and his clever supporting company, is one of the finest and most perfect productions ever seen in the west. The acting of the company is beyond reproach, and the scenery and costumes are marvels of beauty. No company playing such cities as does this organization has ever lavished money on stage settings and dresses as has this company. Every detail is watched with the greatest of care, and no production in the largest houses in New York or Chicago receives more attention. The performance is sure to be a treat, and no one that loves beauty or art can afford to miss it.

The last act of "The Three Guardsmen" is one of the strongest as well as one of the most magnificent scenes ever seen on the local stage. It represents the grand ball in the royal palace of King Louis XIII. In this act D'Artagnan (Mr. Owen) succeeds in producing the stolen diamonds, clearing the queen's honor, defeating the cardinal and disgracing Lady de Winter. After everything is satisfactorily arranged, the curtain goes down as the four musketeers draw their swords and repeat their motto, "One for all and all for one."

This great production is to be presented this evening at Myers' Grand.

The members of the society will exert every energy to make the affair a great success. One of the features of the day's entertainment will be a wrestling match between well known athletes.

For the tug of war two cash prizes will be given. The first will be thirty dollars and the second fifteen dollars. The games will be held at the fair grounds.

If the Plumbing

The new system of double plumbing we are putting in many houses gives you soft water over the house, and at the same time if the soft water gives out, city water can be sent through the pipes with the turning of one valve. There are many points we can explain to you about

THIS DAY IN HISTORY.

1773—John Randolph of Roanoke born in Virginia; died 1833.
1816—John Godfrey Saxe, humorous poet, born in Hingham, Vt.; died 1887. Saxe was educated for the law and practiced it successfully until his tastes led him into journalism. He began to edit in 1850. From 1858 to 1872 he lectured and wrote. In the latter year he became editor of the Albany Evening Journal. The enduring literature from Mr. Saxe's pen was published variously between 1846 and 1875. He contributed to the Knickerbocker Magazine and to Harper's and The Atlantic the poems which first made him famous.
1861—Paul Emile Littré, French philologist and historian, died at Paris; born 1801.
1862—Giuseppe Garibaldi, Italian patriot and soldier, died in Capri; born in Nice 1807.
1863—Vincent D. Markham, a very distinguished jurist of Colorado, died at Denver; born 1829.
1897—Cabinet crisis in Spain; ministers resigned.

A MEAN AND FALSE ASSUMPTION.

Milwaukee Evening Wisconsin—The New York Sun and also some of the Chicago newspapers which favor Hopkins for speaker intimate that there was a bargain between Col. Henderson, of Iowa, and the Wisconsin delegation whereby it was agreed to cast the vote of our delegation for Henderson as speaker. Representative Cooper stamps this as a falsehood, and the other members of the delegation concur in a like opinion. There was neither a bargain nor a sale of the chairmanship of important committees in the next house.

Our delegation was convinced that Col. Henderson, of Iowa, was the very best man for the speakership, east or west, in view of all the candidates named, and that he was the very man the republicans wanted to be the leader in the next house. Sectionalism had nothing to do with the choice. Of course it is gratifying to the northwest to have the speakership, but that did not determine the vote of our delegation. They wanted the very best man for the place, as the republicans need their strongest and ablest manager in view of the narrow republican majority in the house—only thirteen. A weak or inefficient speaker might enable the large democratic minority to block the business of the house. These were the considerations which ruled the Wisconsin delegation, and they are so potent and so conclusive that by their union with the Iowa and Minnesota delegations they have given Col. Henderson a lift which may carry him into the speaker's chair.

VOLUNTEERS TO STAY.

Washington dispatches say that information has been received that satisfactory results have attended the movement among members of the volunteer regiments in Manila for the establishment of a large American colony in the Philippines. Four thousand of the volunteers now in the islands are reported to have signed a petition to the president and secretary of war, praying that they receive their discharges in Manila, instead of at the places of enlistment, and that they be allowed travel pay to the place of enlistment. It was explained that they believed the Philippine islands "offered rare opportunities for industrious and enterprising Americans to make for themselves homes," and that they desired to remain "for the purpose of taking part in the development of the mining, agricultural and industrial resources of the islands."

There is no question but what American energy will work wonders in the Philippines, and the next few years will see great changes wrought.

The Lake Michigan steamship companies will now add a minister to each ship's crew so that couples may be married in mid lake, thus dodging the true marriage law. Love and the steamship companies may be depended upon, it seems, to find the way.

One way to stop the practice of riding wheels on the sidewalks would be to fix up the streets so nicely that the riders would prefer to travel on the highway. We make no charge for this hint, and the idea is not copyrighted.

Our dearly beloved sister city, Beloit, may entertain the Modern Woodmen—and as many of them—as well as Janesville did, but the big picnic will not be marked by the fifteen weddings that gave the Janesville gathering fame.

It is only natural that the man who fishes with a seine in defiance of the law, should be caught in the net.

Admiral Dewey says Hobson is a brave man, and "a good fellow." Anything that Dewey says, is law, and the hero of the Merrimac could get no better endorsement.

Janesville should celebrate the Fourth of July. And the celebration should begin on the third—in honor of the victory at Santiago bay.

The war between General Fitzsimmons and Col. Jeffries will be pulled off

in spite of anything that may be accomplished by the peace convention at The Hague.

Janesville's really excellent sidewalks should be protected against the damage done by the destructive pneumatic bicycle tire.

Minnesota follows Wisconsin's lead and will support General Henderson for speaker.

A RELIC HUNTER'S DEFEAT.

What an Enthusiastic Youth Mistook for Cave Stalactites.

The mistakes of youth are many and mostly caused by ignorance. A young Chicago electrician tells the News of that city of one rich find he made as a boy when he was taken by his parents to visit the famous Luray caverns in Virginia. They went with an "excursion" party, and as it was his first trip away from home all the sights and wonders along the road impressed him. But the stalactites in the cave seemed the most marvelous of all and he wanted one to take home with him. There were numerous small specimens for sale at the cave entrance, but his father needed the money and had refused to buy. Signs inside the cavern warned the sightseers of the penalty fixed by law for stealing curiosities. Thrown on his own resources the lad watched his chance, determined to break off a stalactite at any cost, if he could do so without attracting the guide's attention. The guide was old in the business and probably knew the symptoms. At any rate he kept the lad in front with his light from his reflector turned on him most of the time. Parts of the cave are lighted with electricity, and when they came to the "ball room" the weird grandeur of the place held the tourists spellbound. They looked along the guide's arm, as he pointed out the natural wonders of the place, gazing in rapt attention—all but the boy, who saw in one corner a pile of small round stalactites. Watching his chance he pocketed the lot, and then he listened to the guide's talk with real interest. When he got outside and away from the cave he showed his treasures to a member of the party, who informed him that they were burned-out electric light carbons.

Some Late Superstitions.

Astrology, chiromancy and kindred sciences survived the middle ages, and for aught we can tell many an anxious inquirer today is busily engaged, with the aid of retort and crucible, in quest of the philosopher's stone, or in seeking to fix the site of buried treasure by means of a simple suffumigation. People pay money to have their characters told from their handwriting. No fancy bazaar is complete without its soothsayer or spawwife. This adept is, as a rule, more polite and discreet than Cadwallader in "Peregrine Pickle." But for an adequate fee he or she is quite prepared to frighten nervous clients into fits by predicting evils imminent or remote. In private life many ladies may be found to read your hand with the perspicacity of a Heyraddin Maugrablin, or to construct your ephemeris with the judgment of a Galeotti. They will discourse to you fluently of lines of life and health, of Jupiter, of Mercury, and, above all, of Venus. If Saturn to appear combust, they will pull a long face, and their alarm for your future will know no bounds if Mars have more dignity than is rightly his in the cusp of the twelfth house. As for "scrying" in a crystal globe, do we not all know that Mr. Lang finds therein his chief diversion after golf and fishing?—Blackwood's Magazine.

UNCIVILIZED METHODS.

If a thing has to be done, the barbarian does it, regardless how. He doesn't stop to think. He doesn't wonder around, the desert, pulling his curls in order to think of a way to pull his lady's teeth without pain to her. It's thinking—good solid thought—and that's practical experience, that has enabled us to cure teeth painlessly. We study the methods of the world. With our own improvements, we combine those of the world. We do the best work reasonably, because reasonable prices are enough to pay for the best work. If they were not, we should charge more.

25,000 ATTEND BIG WOODMEN'S PICNIC

GREATEST EVENT IN THE HISTORY OF THE ORDER.

Streets of the Line City Were Crowded From Morning Till Night—Life of a Rockford Man Ended While Enroute to the Scene of the Festivities.

The Woodmen's picnic of 1899 has come and gone.

Fully 25,000 people poured into Beloit yesterday and enjoyed the annual picnic of the Modern Woodmen, making easily the greatest assemblage ever held in the west. The crowd exceeded in magnitude anything ever before seen at a gathering of wood choppers, not excepting the great outing at Rockford last year. That the order is growing rapidly was best evidenced by the immense throng of visitors that wandered aimlessly down the streets of the Line City, looking for something to do and incidentally for a place to rest. There are picnic association districts all over the northwest, but none of the outings equal in magnitude the gathering of the Northern Illinois and Southern Wisconsin association. To land it for a year means a windfall for the trading element of a city and gives the people a chance to show what they can do in the entertaining line. This was not the first time Beloit has enjoyed a visit from the Woodmen. The picnic of 1896 was held there, which at the time was the largest on record in the association, but it was only a marker to the crowd of yesterday. These annual picnics got their inception from the annual lodge gathering when a few "neighbors" were asked to join the party. Then greater numbers were invited, and finally there was a general rally of the wood choppers at Rockford. Then the association was formed, and since that time the annual picnics have been events of importance, and are looked forward to with keenest pleasure by members of the order. It is a holiday for the men of the ax and their wives and best girls, and the scope of territory which it draws from is very wide. Next year's picnic goes to Madison.

Fate of a Rockford Young Man
Yesterday morning as a Beloit-bound train was taking its departure from Rockford and before the train had passed the city limits, an accident occurred costing a human life.

The picnic-bound train, bearing Camp 51, the Military band and a large number of women, children and pleasure seekers, of Rockford, left the Kenosha division depot shortly after 8:30 o'clock. The train was crowded, many being anxious to get away as early as possible to the picnic grounds, and the aisles and platforms were full of people.

Between two of the coaches were a number of young men laughing and among the number was Charles Colaban, of Rockford, who seemed in unusually gay spirits. Colaban stepped across the platform to get a view of his father's home. As he did so he slipped and fell between the cars. He made one wild effort to get out of danger, but the unrelenting wheels caught him and his horrified companions heard only a moan as the strong young life was crushed out.

The train was brought to a standstill within a few feet of the scene of the accident and kind hands lifted the quivering body. A call for an ambulance was made from a nearby telephone and the mangled form taken to the city hospital. A hasty examination showed that both arms had been severed, the skull fractured and the face badly bruised.

City Prettily Decorated.
The Line City was in gala attire for the occasion, the decorations of the principal streets, stores and residences being on an elaborate scale. There were numerous pretty arches and welcome banners stretched everywhere. Flags flew from every staff in town and the air was fragrant with the hearty greetings of the Beloit people. The city never looked more beautiful and the weather was never more perfect.

Big Parade Moves
At 11:30 o'clock the big parade started, the line of march being made unusually short in order to induce all Woodmen to appear in the procession. Three long blasts from the water works whistle was the signal for the column to start. It formed on West Bridge street, with the right resting on Fourth, and passed over the following route: Fourth street to E. E. to Bluff, Bluff to Bridge, Bridge to State, State to Broad, Broad to Harrison avenue, counter-marching on Broad to State, State to School and School to the city park. By counter-marching each camp was enabled to see all other camps in the parade.

Bicycle Races Were Good
There were some good bicycle races at the Cycle Park. The summaries: Mile Novice—Rox. W. Savage, Rockford, first; J. C. Taylor, Madison, second; J. C. Eccles, Milwaukee, third. Time, 55 seconds. One-third Mile Open—K. Savage, Rockford, first; J. C. Taylor, Madison, second; J. C. Eccles, Milwaukee, third. Time, 35 seconds. One-mile Handicap—W. A. Gowing, Beloit, first; William Carls, Beloit, second; K. Savage, Rockford, third. Time, 2:22. Mile Open—A. E. Alverson, Rockford, first; Rex Savage, second; Taylor, third. Time, 2:40. Two-mile Handicap—W. A. Gowing, first; Carls, second. Time, 4:43. Five-mile Handicap—Gowing, first; Carls, second; Tullock, Rockford, third. Time, 13:10. Another Coffee Bargain.

Investigate it before going away.

GARVIN'S REMAINS INTERRED TODAY

ARRIVED THIS MORNING FROM DES PLAINES.

Services Held From the Wall Street Home Conducted by Rev. A. C. Kempton, Of Baptist Church—Inquest Was Postponed—No One Yet Blamed For Accident.

Owing to the absence of important witnesses yesterday at the inquest over the body of Herbert Garvin, the victim of the wreck of the St. Paul limited train Wednesday night at Des Plaines, caused Deputy Coroner Elbe to continue the case. Garvin was supposed to have been riding between two of the coaches, making his way to his Janesville home, Joseph Sage, fireman of the limited engine, and Frederick Arnold, fireman of the engine that was backing to the roundhouse, both lie at Norwood Park, each with a limb broken. As yet no blame has been attached to any one.

At 11:30 o'clock this morning Garvin's remains arrived in this city over the Chicago & Northwestern railroad.

Undertaker Frank D. Kimball took charge of the remains at the depot and from there the little funeral procession proceeded to the home of Mrs. Marie Garvin, No. 258 Wall street.

In the front parlor of the humble home the remains rested in a plain black casket.

Sorrowing friends—the greater portion being local colored residents—were on hand to console the heartbroken mother.

At 5 o'clock Rev. A. C. Kempton of the Baptist church, held services from the Wall street home.

Rev. Kempton's remarks were most fitting and no doubt brought comfort to the assembled grief stricken relatives.

At the close of the service the remains were buried in Oak Hill cemetery. The pall bearers were personal friends of the deceased, and were local colored young men as follows: Grant Taylor, George Givens, Fred Taylor, William Givens, William Bover and Leonard Artes.

Herbert Garvin was the only child of Mrs. Marie Garvin, and to her boy she looked for aid. To the bereaved mother much sympathy is extended.

Mrs. Teresa Caldwell.
Teresa, wife of J. B. Caldwell, passed away at her late home in Esion, Jewell county, Kansas, Saturday, May 27th, aged sixty-eight years.

Last February Mrs. Caldwell suffered a stroke of paralysis from which she never recovered. She was an old resident of Rock county, having lived with her husband and family on a farm in the town of Harmony, two miles east of the city for eighteen years. They moved to Kansas in 1889.

Mrs. Josephine McCouch.
A telegram was received by Mrs. Sarah A. Hullihen, Forest Park, yesterday morning announcing the death of her sister, Mrs. Josephine McCouch, which occurred in Philadelphia yesterday morning at 8 o'clock. The deceased was quite well known in Janesville, having visited here two years ago. The interment will be in Philadelphia.

RAIN HELPED LEAF GROWING

Many Farmers Have Plants Large Enough to Transplant.

In speaking of the local leaf tobacco crop the Farm and Home says:

Frequent rains during the past ten days have thoroughly soaked the soil and the plants are now growing rapidly and in a few instances the farmers have plants large enough to transplant. The violent storm of Sunday night beat some of the plants into the ground, but still there are plenty of plants for all.

In all goods the usual amount of business is being done, but the only large transactions reported being the sale of 700 cases by L. B. Carle and 200 cases '98 sold by F. S. Baines. Rudolph & Co. are busy assorting their '98 which they forced sweated in the bundle.

CO. ENJOYED A GOOD BUSINESS

Street Railway Company Carried Many On Decoration Day.

Superintendent Hurd, of the Janesville street railway, reports a record breaking business for Decoration day.

The total number of passengers carried by the local line on that day figured 2698.

Compared to last year this business is far in excess and in spite of the fact that two more cars were run last year. Supt. Hurd says that the new cars for the local line have been shipped from St. Louis.

THEY MEET THIS EVENING

Business Men Will Talk Over Fourth of July Plans

In the vacant store adjoining the Rock County National bank a number of local business men will assemble this evening to talk over the holding of a Fourth of July celebration here this year.

To carry out a rousing celebration a goodly sum would be needed and as many of the business men favor the plan it now looks as though the Bower City would celebrate.

National Educational Association at Los Angeles, Cal.—Excursion Rates.

For the above meeting the Chicago, Milwaukee & St. Paul railway will sell round-trip excursion tickets at half fare plus \$2, from June 25 to July 8. Final return limit will be September 4, 1899. Stop-over privileges within transit limit will be granted. We ticket over all routes and make desirable reservations in sleeping cars.

PATRONIZE THE ART LEAGUE

Janesville People Should Encourage All Elevating Influences Liberally.

Janesville people should give substantial encouragement to every influence that elevates the tastes, and for this reason the exhibition of the Janesville Art League should be better patronized. The exhibition is an unusually fine one, and represents the art treasures of Janesville homes. In no way could an hour be spent more pleasantly or more profitably, than by viewing this exhibition. Nothing could be more interesting or more instructive to the children.

Another point that should be borne in mind is the fact that the exhibition is not given for profit. The proceeds will be used to purchase an oil painting. The painting is to be loaned to the public schools until the League shall become prosperous enough to maintain rooms of its own.

The attendance has been very small so far, and it is not to the credit of the people who admire pretty things, that such is the case, the admission fee is low—25 cents for adults and 10 cents for children—and the hotel should be crowded this evening and all day tomorrow.

By all means view the exhibition, thus getting an idea of the treasures owned in Janesville, spending a pleasant hour or two, and helping along a work from which only good can come.

CIRCUIT COURT BUSINESS

Case of Crouse Versus Northwestern Went to Jury This Morning

Final arguments in the case of George F. Crouse vs. Chicago & Northwestern Railroad company were made this morning and at 10:15 o'clock Judge Siebecker charged the jury.

At 10:45 the jury retired and at 4 o'clock this afternoon were still out.

In the case of J. M. Bostwick vs. Mutual Life Insurance Company, of New York, a jury was waived.

The case of William Boache vs. Chicago & Northwestern Railroad Company was continued for the term by consent.

Loan Exhibition Closes Tomorrow

LEAF TOBACCO SALES STILL CONTINUE

RECENT RAINS HAVE IMPROVED PLANT BEDS,

Setting Throughout the County Will Soon Commence—Soverhill & Porter Were Shipping From Edgerton On Monday—Other Leaf Notes of Local Interest.

The refrain for weeks has been "that the remnants of the '98 crop are nearly gathered in," and yet a few transactions from first hands are still taking place, says The Wisconsin Tobacco Reporter. McIntosh Bros., have this week been receiving a few lots of recent purchases; C. F. Tallard is on the hunt for the leaf in the northern part of the tobacco section and is finding a few lots of very desirable goods; these are being picked up at the prevailing prices. A deal whereby another packing of the '98 is about to change hands is rumored, but nothing definite enough for publication. Soverhill & Porter were receiving and shipping from this station Monday. The recent rains and warm weather have done much toward improving the plant beds, and indications now point toward commencement of setting; but as yet this work can hardly be said to have begun.

The shipments out of storage only number about fifteen cars or nearly 700 cases.

is in high favor; sales increase all the time, it is a regular 30c article and is well worth the price; we have lowered it to 20c per pound and give the purchaser the benefit of our large invoice. We have plenty of money savers throughout our stock; the buyers' dollars secure more for their size here than at any other store in southern Wisconsin.

Ancient Inkstands.

An inkstand that was probably in use three thousand four hundred years ago has been lately acquired by a museum in Berlin. It is of Egyptian make, and is supposed to belong to the eighteenth or nineteenth dynasty, or somewhere about 1500 B. C., although its real age can only be judged of approximately. It is made of wood, and has two compartments, an upper one provided with two holes, one for black and one for red ink, and a lower one for holding reed pens. The black and the red ink are 'certainties, for some still remains, in a dry condition, within the receptacles. Another ancient inkstand is supposed to have been intended for the use of a schoolboy. It would certainly hold ink enough for a schoolboy's needs, for it has no fewer than four ink-holes. Both inkstands were found at Thebes.

Slaughter of the Seals.

Year by year the war of extermination against the seals of the north seas continues. A recent report from St. John's, Newfoundland, states that a fleet of thirteen ships has returned from the seal hunting grounds after having captured and killed 250,000 seals. Stringently, enough, one of the fleet was the Newfoundland, a steamer which was famous as a Cuban blockade runner during the war last summer. The vessel was once captured by the Marblehead, off Cienfuegos, and was taken to Charleston, S. C. It was afterward released on the owner's bonds, and subsequently joined the sealing fleet. The trip evidently proved profitable, for the Newfoundland arrived in port after having made a "catch" of 20,000 seals, representing a value of \$40,000.

Shrapnel Shell Sensations.

One of the most embarrassing things connected with a modern battlefield is the shrapnel shells. There is not so much danger in their fire as in that of modern musketry, but the sound of the shrapnel is much more disconcerting and demoralizing. Its wild, "whee-wew-wew-wew" suggests missiles falling all the air and coming from all directions. A surgeon relates that as he was standing in front of a hospital tent near where two wounded colored troopers were lying he heard one of them say as a shrapnel wound past: "I don't care for dem Manser bullets, for when you hear one of 'em you know it's done gone past. But I sho'ly would like to know where de cannon is dat shoots dem camp kittle full o' rocks!"

Don't Lock your Money up in a Poor Refrigerator

Buy the Best. Get an

"Illinois" Taint Proof Refrigerator.

Any refrigerator will perhaps do for a short time, but they are not an every season purchase, and the poor refrigerator does not improve with age. That damp, sour, repugnant smell, comes to most all refrigerators without the proper insulation and circulation.

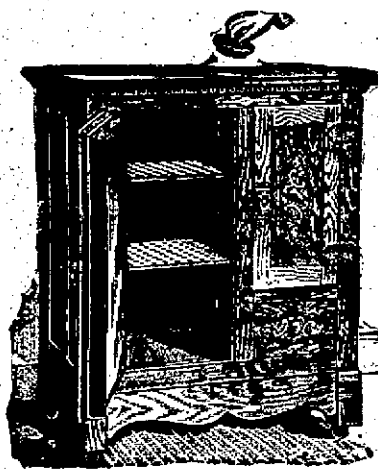

ILLINOIS AUTOMATIC REFRIGERATORS

Are not only perfect in circulation, but are also much handier both for the placing of ice in the box and in caring for provisions. According to nature's laws cold air descends and warm air ascends. Illinois Refrigerators are made to aid these conditions; the two air currents do not meet opposing forces in either the ice or provision chamber.

The Only Water Cooler

that gives entire satisfaction is this Porcelain lined Cooler in the Illinois. Water is cooled without coming in contact with the air inside the refrigerator; it is porcelain lined and is sweet and clean.
